Batch 2017-2021, Civil Engineering

Dear Scholarship Donor,

I am honoured to be one of the recipients of the NEDAC Scholarship. Thanks to your generous support I am the first in my family to attend the prestigious university in the country

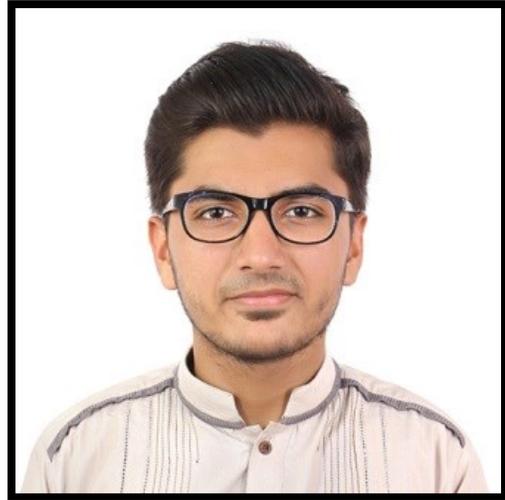

Growing up in a less privileged community has not only offered financial and academic challenges, but has also helped me realize the value of a college education.

I have just begun my undergraduate career as a freshman at NED University. My plan at this stage are to complete a major in Civil engineering from my dream University NED which offers one of the finest programs in the country and I consider myself fortunate to be able to attend.

I would like to repay this by helping less privileged community to keep this cycle, I enjoyed helping people learn about community services available to them. I hope to be able to serve where I might have even more of an ability to help less fortunate and under-represented social groups. My educational pursuits would not be possible without generous support from scholarship sponsors like your organization. Thank you for enabling this opportunity!

Sincerely,

M.Anas.
